

4th Annual Puget Sound **Trauma & Emergency Medicine** Conference 2021

Jointly Provided By:

Sponsored by Life Flight Network

This year's conference will focus on preparing healthcare providers across the continuum of disciplines for those traumas and emergency cases that we see every year when the weather begins to change and people of all ages venture out to take part in summertime activities. Hiking, biking, boating, mountaineering, a simple, lazy river float. These activities can turn deadly in the blink of an eye. We'll prepare you to diagnose, treat and manage patients with a wide variety of potential traumas and emergencies.
